REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor render obvious the instantly claimed invention. There is no teaching in the art to irradiate an amorphous film comprising silicon with scanning banks of lights as is instantly claimed. The prior art does teach the crystallization of silicon by heating with two separate banks of light, however, it is the substrate or film which is moved, not the lights as instantly claimed. There is no teaching in the art to move the lights and under the conditions as set forth in the process. The prior art only scans with lasers and does not suggest to scan with light banks..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert M Kunemund whose telephone number is 571-272-1464. The examiner can normally be reached on 8 hours.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nadine Norton can be reached on 571-272-1465. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 703-308-0651.
